DRESS for the WEATHER!

The WSB walks in ALL Weather! There's no such thing as bad Weather – just bad dressers!

RAIN: Hooded waterproof rain jacket. Rain boots. NO umbrellas – the points are a hazard to other's eyes. A peaked hood or a baseball cap under your hood will keep rain off your face. Add Rain Pants for heavy rain or storms.

WINTER: Hooded winter coat. Warm Hat, Mitts & Winter boots. Snow or wind pants once the temperature dips below zero overnight. Layers can always be removed if walkers are too warm, but can't be added after getting on the bus!

For COLD or WINDY Days: Add a scarf or neck warmer.

And make sure you have **plenty of TIME** to get yourself all dressed up in the morning before meeting the bus!
